# Climate Justice Through The Courts

Can human rights be used as an argument for climate litigation?

Methods

Practice tracing

Cross citation analysis

## Literature Review

- What are scholars saying about rights based climate litigation?
- What are the current trends for rights based climate litigation?

## Shell Case

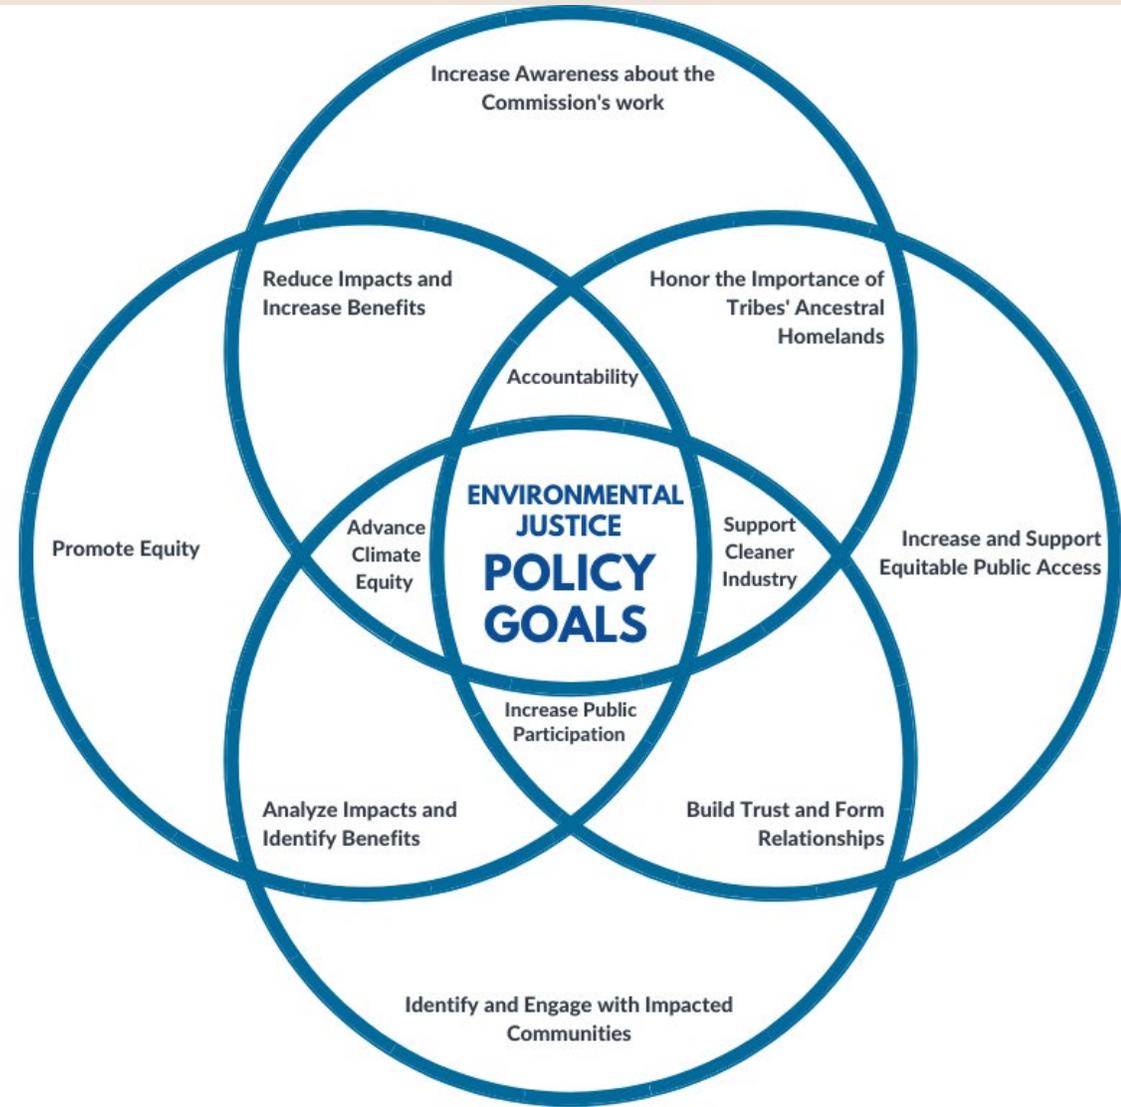

Verdict: Shell must begin to reduce its emissions by 45% by 2030 compared to 2019 immediately.

Appeal: Shell argues judgements on individual companies are ineffective. Clear national policies should be set instead of litigation efforts.

## Interviews

- Activists
- Lead researchers
- Lawyers
- Policy makers
