

The EuroScholars Program

A EUROPEAN ACADEMIC RESEARCH EXPERIENCE
IN COLLABORATION WITH ISA

EuroScholars is a unique, research-intensive study abroad program designed for talented and advanced undergraduate students from North American institutions. The program combines a study abroad experience with the opportunity to join a research team and participate in an ongoing investigation at an internationally renowned European research university: KU Leuven, Leiden University, or University of Geneva. Research opportunities are available in a wide variety of disciplines.

Program Cost

2024: 10,500€ + \$500 administrative fee per semester

Note: The USD program price will be set each semester based on the current exchange rate.

What's Included

- Admissions advising and pre-departure support
- Tuition at the host university
- Housing in an approved university facility (an additional housing security deposit may be required from students)
- Orientation at the host campus and on-site support throughout the semester
- Research project supervision
- International medical insurance (all students will be automatically enrolled by ISA)
- The Mid-Stay Program
